Premier Tire & Rim Protection

Proactive protection.

Tires and rims are the only parts of your Porsche vehicle that touch the road. Unfortunately, they also come into contact with road hazards such as glass, nails, potholes, and debris. We offer a way to protect them from these hazards. Our Premier Tire & Rim Protection will keep you on the road by keeping your tires and rims in top shape.

Premier Tire & Rim Protection includes:

- Replacement of a tire if structurally damaged due to a covered road hazard, including glass, potholes, debris or nails (includes tires with run-flat technology); tires are never plugged or patched.
- Replacement of a rim if road hazard damage prevents the rim from sealing to the tire or maintaining the tire manufacturer's air pressure specifications.

- Replacement using OEM or OEM-approved tires and parts during the product agreement term, if they meet the manufacturer's size specifications.
- Coverage of approved costs associated with the replacement of the tires and/or rims if structurally damaged, including labour charges, mounting, balancing, valve stems, tire disposal, and taxes.
- Loaner vehicle coverage for one (1) day while your tire(s) and/or rim(s) are being repaired and/or replaced for a covered claim.¹
- Towing expenses reimbursed up to \$250 per occurrence in the event of covered road hazard damage.
- Replaced parts will be covered for the remainder of the product agreement term if they meet the manufacturer's size specifications.²
- Transferable for a fee if you sell your vehicle to a private party or if another party assumes the lease agreement.³

Cosmetic Repair includes:

- Repair of cosmetic rim damage such as nicks and scrapes.
- Repair limited to sanding, painting, or refinishing the rim without the need to apply additional material or bend/straighten the rim.⁴
- Cosmetic rim repair limited to a total of eight (8) individual rim repairs during the product agreement term.
- No deductible.

Additional benefits:

- No limit of the number of structural damage claims.
- No kilometre limitations.

Coverage exclusions may apply:⁵

- Damage to tires with less than 2.4mm (3/32") tread depth at the lowest point on the tire at the time of damage.
- Cosmetic damage to tires.
- Replacement or re-manufacturing of rims due to cosmetic damage.
- Damage caused by vandalism, theft, or driving with low or no tire pressure.
- Repairs made without prior authorization from from the Porsche Protection Plan Program Administrator.
- Damage caused by road conditions (such as uneven lanes or metal plates) found in construction zones or construction sites.

Optional Premier Tire & Rim Protection is available for purchase as a stand-alone product or with a Multi-Coverage Protection package.

¹ The maximum reimbursement amount for loaner vehicle coverage is \$160 per occurrence; loaner vehicle must be from an authorized Porsche Centre.

² Replacement tires and rims must meet vehicle manufacturer's specifications.

³ Product agreement is transferable within 30 days of the covered vehicle resale or lease assumption. Please see your product agreement for complete transfer rules.

⁴ The size, paint color, and finish of a rim can impact the effectiveness of cosmetic rim repair techniques. Reasonable efforts will be made to cosmetically repair the rim and to match the original rim paint and finish. Replacement of a rim will not be authorized solely because cosmetic damage is deemed not repairable due to the size of the rim, or because the paint and finish do not match the original paint and finish.

⁵ Additional exclusions may apply. Please see your product agreement for specific coverage details, including limitations and a complete list of exclusions.
