Porsche Exclusive Manufaktur.

**Your inspiration.
Our passion.**

Our wealth of experience goes back a long way. Since the very beginning, we at Porsche have been dedicated to realizing customer wishes as part of our special request service. Known until 1986 as the Porsche 'Sonderwunschprogramm', then as 'Porsche Exclusive', today we call it 'Porsche Exclusive Manufaktur'.

We love what we do. We love our work. Every seam, every square inch of leather, and every single fine detail receives the same devotion. We transfer our experience and passion to the car together with your inspiration – that's how we bring dreams to life. Directly from the Manufaktur.

None of this would be possible without originality, enthusiasm and attention to detail, beginning as early as the consultation stage. That's because we always keep one thing in mind: fulfilling your individual wishes and requirements, thus turning 'a Porsche' into 'your Porsche'.

How do we fulfill these wishes? With composure and meticulous care, by means of precision handcrafting and the use of exquisite materials such as leather, Alcantara®, carbon fiber, mahogany or aluminum, creating a product from dedication and craftsmanship. In other words, we handcraft a product that blends sporty performance, comfort and style and reflects your own personal taste. A Porsche with your signature touch.

We offer a wide range of personalization options, with visual and technical enhancements for the interior and exterior, from a single alteration to an extensive modification. Because your inspiration is our passion.

Be inspired by our examples showcased on the following pages and visit www.porscheusa.com/exclusive-manufaktur to discover everything you need to know about how to configure one of your very own.

Porsche Exclusive Manufaktur.

Deviated Stitching Interior Package and Deviated Leather Seat Centers.

How about even more freedom to form the vehicle interior design? The interior packages from Porsche Exclusive Manufaktur make it possible to configure your Porsche to meet your individual needs, while lending additional accents to the interior. With the deviated stitching interior package, for example. Or maybe demonstrate your attention to detail by integrating leather-trimmed seat centers in a contrasting color.

These packages are available across all model ranges, in all standard, club and natural leather colors, as well as in selected special colors. Whether used individually or in combination, the result is always a harmonious overall concept that makes your Porsche one thing above all else: one-of-a-kind.

718 personalization

A sports car as unique as your fingerprint.

The 718 Boxster and 718 Cayman were created for a life dedicated to sport. Both these mid-engined sports cars transfer the sporting spirit of the legendary Porsche 718 to the world's roads. Because they are different: more dynamic, more uncompromizing and more individual.

Enhance this personality with the numerous options from Porsche Exclusive Manufaktur. Such as the dashboard trim package in leather and inner door-sill guards in leather with deviated stitching.

Or how about a painted vehicle key with a key pouch in leather?

We are confident that there will be virtually no limits to your imagination.

Macan personalization

Exclusivity is born from a need to escape an everyday routine.

The Macan – built for life at its most intense. For a life in which the thirst for adventure and thrills are omnipresent. In which new challenges provide permanent motivation. Built for an existence that is not determined by convention. And therefore feels authentic. Direct and first hand.

But even an intense lifestyle can still become more diverse and exclusive. With personalized floor mats with leather edging, for example. Or reversible luggage compartment mats with leather edging including loading edge protection.

Benefit from all the design freedom you need. We are happy to provide a large, inspiring range of colors and materials.
