Cayenne E1 (2003–2010), excluding Turbo with factory performance
upgrade and Turbo S

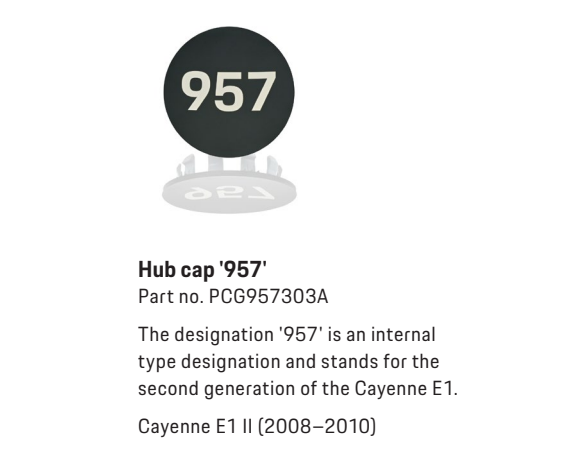

Are you already looking forward to your next off-road adventure with your Cayenne? Then you're about to get even more excited.

Porsche Classic has created a new off-road rim specially for the Cayenne from model years 2003 to 2010, giving the vehicle an especially robust appearance. The 18-inch off-road rim is limited to 150 sets in black (matt) and is powder-coated against damages, scratches and stone chips for a high resistance and it shines with a laser engraved Porsche logo below the valve hole. Porsche recommends the BF Goodrich All-Terrain T/A KO2 265/60 R 18 119/116 S tyres for increased off-road driving fun – the ideal combination to further explore your off-road terrain with the classic Cayenne.

LED reading light

Part no.

90163210203 (Chrome)
90163210202 (Black)

The desire for more light in the vehicle interior is being fulfilled in many classic Porsche models. With its classic design from the early Porsche era combined with modern LED technology, the bendable reading light in Chrome or Black blends seamlessly into the interior. In addition to the high quality materials, the well thought-out design is a highlight in itself. There are just a few simple steps between opening the popular packaging in the genuine parts design to the finished installation. No drilling. No wiring. The standard interior light above the B-pillar is simply replaced with the new LED reading light and can be removed again at any time without a trace. Of course, the light still switches on and off automatically when the doors are opened and closed.

Only for coupes and vehicles with 12V on-board electrical system. For racing use only. Not approved for road use.

PCCM Plus 997/987 I

Part no. 99764259500 (Asia/Africa)
 Part no. 99764259000 (Europe)
 Part no. 99764259100 (North America)

Available from your Porsche Partner: the Porsche Classic Communication Management Plus (PCCM Plus) for the Porsche 911 (type 997) and the Porsche Boxster and Cayman (type 987) up to and including model year 2008.

Your PCCM Plus combines timeless driving pleasure with state-of-the-art technology. Even if you sometimes blissfully lose track of time when driving your classic car: it is surely important for you to have an easy and comfortable trip that avoids any traffic jams. The Porsche Classic Communication Management Plus will help you achieve this.

Thanks to its design, which is perfectly tailored to classic cars, the PCCM Plus with a 7-inch touchscreen display fits seamlessly into the interior. Apple CarPlay and GOOGLE® Android Auto can also be used for navigation, telephony and media playback via the integrated USB interface. Other playback options are possible via a USB stick or Bluetooth®. Depending on the equipment in your vehicle, the functions of the multifunction steering wheel or the custom memory function for storing personal vehicle settings are supported. Other functions include the trip computer with lots of useful driving data and on-board navigation with Porsche-specific points of interest (POI) with route guidance in 2D or 3D. Viewing the navigation in the multifunction display of your vehicle is also made possible. The map material required for the onboard navigation is provided via a separate SD card, which can be ordered from your Porsche Classic Partner or your Porsche Centre.

Note: Porsche Classic recommends having the installation carried out professionally by your Porsche Partner.

The anniversary edition "60 years 911": For the 911's milestone birthday, proven accessories are dressed in a stylish red and black Pepita fabric.

The touring bag and document folder are also adorned with a badge that says "60 years 911" – as an ambassador for the 911 anniversary.

A key pouch with an embossed Porsche crest and a vehicle registration case are just as elegant for a milestone birthday.

These products are limited to 911 pieces in line with the type designation of the iconic sports car. Excluding the key pouch.

Porsche 'Werk 1' Wallpaper
Part no. PCG64472200

The 'Werk 1' (Plant 1) wallpaper from Porsche Classic gives every wall its own special story. Porsche 'Werk 1' (Plant 1) symbolises Ferry Porsche's dream of a sports car. This has always been the place where sports car dreams are created, including the iconic 911 that was developed here. The original brick wall of the factory was photographed and reproduced true to scale as the motif for the wallpaper.

One roll is 2.85 m high and 4.24 m long. The thought-out partition into 8 strips of wallpaper per roll lets you extend the wallpaper individually. When using multiple rolls, please note that the first strip shows the cornerstone of the building.

Contents: 1 roll.

Pepita document folder

Part no. PCG48090100

The on-board literature of a classic Porsche car is an expression of true passion. Literally. Reason enough for Porsche Classic to give the plastic cases that were common at the time a stylish upgrade. The new document folder combines Pepita fabric and leather in the style of the 911 cabin from model years 1964 to 1973. The appearance is topped off through a magnetic latch, the embossed Porsche vehicle crest on the cover and also through the embossed Porsche logo in the interior. In addition to an available compartment for the operating instructions and the Technical Specifications booklet for your Porsche, the document folder also has a notepad that you can take with you on every trip. This allows you to note down when the next oil change is due or the distances and times you have driven. A "Pepita" key pouch is a stylish addition in the Porsche Classic product assortment, also the touring bag 901, a car care set, a first aid kit and the tool roll for the 911 F models.

Porsche clothes hanger system

Part no. PCG862663A

Even in fast curves everything should stay in its place in a Porsche. That's why Porsche has enhanced the classic clothes hanger, making it into a system that fits like a glove when you're on the road, while ensuring wrinkle-free transport. The modular design makes the elegant clothes hanger a practical companion throughout the entire trip: after the base carrier has been securely attached with a practical click system, the hanger itself remains removable. So that the system clothes hanger with its quality soft-coated surface and the silver Porsche logo always looks good on a wardrobe a removable hook is integrated. This stylish transportation solution is available for all Porsche Macan- and Cayenne models with removable headrest.

Also usable for the Macan of the first generation as well as for newer Cayenne models (only in combination with removable headrest).

Cayenne E1 (2003–2010)

Red tartan document folder

Part no. PCG48091100

This new document folder combines tartan cloth fabric and leather in the style of the popular seat covering of the late 1970s. Made in Germany, the high-quality tartan cloth document folder fits perfectly in the glove box or simply on the passenger seat. The Porsche Classic product range includes a key pouch in tartan fabric and a tool bag for the 911 G models from model years 1974 to 1982 as stylish additions.

Special drops for your classic cars.

The Porsche Classic Fluids.

The Porsche Classic label guarantees quality. Besides the engine oil for air-cooled four- and six cylinder boxer engines, Porsche Classic also offer engine oils for water-cooled four-, six- and eight cylinder engines. A high-performance transmission fluid that is suitable for heavily stressed transmissions is also available. You will also find brake fluid for your classic car and a fuel additive to protect from corrosion. More at www.porsche.com/classic-fluids

THE PLACE FOR PORSCHE ORIGINALE

Just drop into your Porsche Classic Centre
or your Porsche Classic Partner.
They have something special
waiting for you.

**True classic love deserves
a modern heart.**

Porsche Classic Communication Management systems.

Enjoy modern entertainment options and the benefits of connecting your smartphone to your classic car. Matched to the design of your Porsche Classic model, the PCCM and PCCM Plus systems show you all important information at a glance. This gives you a better overview – and enhances your classic car's timeless design. Find out more at www.porsche.com/classic-pccm

A mark of quality:

All products manufactured by Porsche – and therefore all Porsche Classic Genuine Parts – are marked with the Porsche trademark known as the “P in the triangle” either directly on the part itself or on the sales packaging.

Please only use genuine Porsche spare parts for your vehicle. You can obtain these parts from authorised Porsche dealers. Your Porsche Partner is familiar with the verified range of parts and will be happy to advise you. Porsche will not accept any liability for damage caused by the use of spare parts or accessories not authorised by Porsche.

The safety of the vehicle may be affected, even if a supplier of accessories or parts has obtained a general operating licence. The huge variety of products available on the accessories market means that Porsche is not able to verify such parts. Please note that the guarantee for your vehicle may also be affected if you use parts that are not authorised by Porsche. Porsche reserves the right to alter the design, equipment and scope of delivery without prior notice. Colour tones and materials may differ from those illustrated.

Due to country-specific legislation and requirements, product contents may differ from those described and individual items may not be available for all models in certain countries.
